

SURVEY

THE IMPORTANCE OF THE PORT

INSTRUCTIONS

The present survey was conducted by Raffaele Buonanno, Anna Galeone and Sara Galeone among 40 adolescent students attending the high school Salvatore Pizzi in Capua. The questionnaire focused on topics related to the port, aiming to assess the students' opinions and knowledge towards it. The following section presents the results of the survey and a summary of the participants' responses to each question

QUESTIONS	RESULTS	
	yes	no
DO PORTS CONTRIBUTE TO A COUNTRY'S ECONOMY?	40	0
DO PORTS HELP IN CONNECTING DIFFERENT MODES OF TRANSPORTATION?	34	6
DO PORTS HAVE A BIGGER TRADE IMPACT THAN AIRPORT?	27	13
ARE ALL PORTS INVOLVED IN COMMERCIAL SHIPPING?	7	33
DO PORTS PLAY A CRUCIAL ROLE IN TOURISM?	22	18
DO MODERN PORTS USE TECHNOLOGY TO IMPROVE EFFICIENCY?	26	14
DOES THE PORT HOLD ANY SIGNIFICANT IMPORTANCE IN YOUR DAILY LIFE?	25	15

The survey conducted among students at Salvatore Pizzi High School in Capua reveals a strong recognition of the vital role ports play in the economy, transportation, and tourism. A unanimous 40 students agreed that ports contribute significantly to a country's economy, with many also acknowledging their larger trade impact compared to airports. The majority recognized ports' essential function in connecting different modes of transportation and the growing use of technology to improve efficiency. While opinions on the role of ports in tourism were more mixed, most students understood that ports are crucial in global commerce and impact daily life in various indirect ways. Overall, the results reflect a well-rounded understanding of the importance of ports in modern society, highlighting their economic, logistical, and technological significance.
